We hereby clarify to all interested bidders the following queries;

- 2) Will the corporation charge the end user shortcode costs or the corporation will consume the costs on behalf of the end user?
- 3) Has free to air licenses with CAK

ANSWERS

1. Currently the monthly SMS volume is 84,500,000 and the projected SMS volume 100,000,000
2. The end user will be charged the shortcode costs.
3. The bidder must have CSP(Content Service Provider) license from the Communication Authority

This addendum forms part of the tender document.
